

# SMITTYBILT NEWS

CLASS: SB ISSUE: 36 MONTH/YEAR: FEBRUARY 2015 PRODUCT HIGHLIGHT: C.RES2 HD

## C.RES2 HD CARGO RESTRAINT SYSTEM

When you're charging through the hammers, the last thing you want is your gear flying out. The newly designed C.RES2 Heavy Duty top features 2-inch military grade polyester webbing with an amazing 1,200 lbs of tensile strength. Designed not to interfere with factory mounting points for soft top or hard tops, the C.RES2 can be left on when not in use.

- Rugged, triple stitched 2-inch polyester webbing
- Can be used in conjunction with hard or soft tops
- Provides coverage from the sound bar to the tailgate
- Side and rear curtains included
- Easy to install with no tools required
- Nylon reinforced buckles and black oxide grommets for hook up points
- Quick release access to cargo
